## SEANAV MARINE | INTRODUCTION

Your Trusted Partner in Marine Equipment Maintenance

Seanav Marine Equipment Maintenance Co. LLC is a registered company in both UAE and India, with a team of highly qualified and experienced marine electronic engineers who specialize in bridge equipment repair and maintenance. We pride ourselves on our commitment to providing tailored solutions to our customers, with a focus on meeting their specific needs and requirements.

At Seanav Marine, we believe in selling what our customers need, rather than what we have in stock. We are dedicated to providing service that shows our commitment to our customers, and offering products that become our customers' trusted partners. Our expert advice is aimed at saving our customers money, while still delivering top-quality service and support.

We specialize in sales and service support for marine electronics equipment, including navigation equipment, communication equipment, safety equipment, and airtime activation and deactivation. We also provide publication services for vessels. Our customers include ship owners, ship managers, port operators, defense agencies, and various companies in the maritime fraternity.

Seanav Marine is rapidly growing in the industry, with a humble beginning as a single-person freelancer to becoming a well-structured organization. We have expanded from being a local service provider to an internationally renowned company, and from a product supplier to a solution provider.

Our team combines local expertise with international standards to deliver the highest levels of proactive service and measured processes. Our business systems are designed to achieve continuous improvement in the quality and range of services we provide.

Choose Seanav Marine as your trusted partner for marine equipment maintenance. We are committed to providing tailored solutions, top-quality service, and expert advice that saves you money.

## OUR VALUE

Our values are centered on serving our clients with the utmost honesty and workmanship, without ever compromising on our integrity.

## OUR MISSION

At Seanav Marine, our mission is to deliver innovative, tailored solutions that enable our clients to navigate their vessels more efficiently and effectively. We are committed to creating value for our clients by providing solutions that meet their unique needs and requirements.

## OUR VISION

Our vision is to be recognized as one of the most admired companies in our industry, driven by our unwavering commitment to our clients, employees, and business partners. We strive to achieve this by delivering exceptional service, fostering a positive and supportive work culture, and cultivating long-lasting partnerships built on trust and mutual respect.

## LIST OF SERVICES | SEANAV MARINE

At Seanav Marine, we specialize in supplying, installing, and repairing a wide range of electronics, navigation and communication equipment. Our team of experienced and skilled engineers is our biggest asset, providing quality workmanship and an unwavering commitment to integrity and honesty. We take pride in our extensive experience with bridge equipment and strive to deliver cost-effective solutions that meet the highest engineering standards while prioritizing safety and environmental protection.

Our business is backed by a vast inventory of spare parts and a state-of-the-art workshop facility. We are proud of our service team members who consistently achieve a high first-time-fix ratio, making Seanav Marine the preferred technical service partner in the region for leading global brands.

Our clients can choose to avail our 24/7 online support as a value-added service, allowing them to make informed decisions before deciding on availing shore support from our other nominated service centers or extensive dealer network around the region. At Seanav Marine, we are dedicated to providing the highest level of service and support to our clients, and we look forward to working with you.
